

Joining Forces for Wellbeing

Wednesday 25th March 2020
St Mary's Football Stadium,
Britannia Road, Southampton SO14 5FP

#WessexPHconf2020

Developing people
for health and
healthcare

www.hee.nhs.uk

Our annual conference on March 25th 2020 will focus on collaborative action to improve population health and reduce health inequalities. As usual we will have invited speakers, workshops, and oral and poster presentations around the three main themes and other local public health action.

NHS Action on Prevention: What innovations in primary, secondary and integrated care are improving health? How is the NHS delivering on its commitments for action on prevention? What collaborations are being built between NHS staff and public health practitioners and researchers?

Working Together to Prevent Harm: How is a public health approach to policing, and health and social care, being used to prevent harm and reduce crime and disorder? How are partnerships with the police and other 'blue light' services acting on drugs and alcohol misuse, mental health and domestic violence?

Tackling Social, Economic and Commercial Determinants of Health: What are we doing to redress inequalities in income, education, and employment that impact on health and disability? What more can we do collaboratively across public and private sectors to act on the social, structural and gender inequalities that impact on quality of life, mental and physical health?

Local Public Health Action in Wessex: An opportunity to showcase other local public health activity that is making a difference and having an impact on health.

Sustainability

Sustainability is a core element of Public Health and should be embedded in all our work. We have tried to reduce the impact of this conference on the environment by the following:

- No plastic cups or plastic water bottles
- Meat-free menu, vegetarian/vegan food selection only
- Limited printed resources, with all resources available electronically
- Venue can be easily accessed via public transport
- We encourage car sharing on the day
- No individually packaged food and drink items
- Reusable crockery, glassware and cutlery
- Electronic Feedback Forms
- Re-useable name badges – please make sure that you hand these in when you leave
- Pencils rather than the use of plastic pens

We welcome your feedback and suggestions on how to mitigate the impact of the Wessex Public Health Conference now and in the future.

"The health and well-being of the public, now and in the future, depends on us living within acceptable limits and developing sustainable assets – environmentally, economically and socially." Sustainability in Public Health England, Public Health England, 2017.

Programme

Mike Channon Suite		
08:30	Registration & refreshments	
09:10	<p>Introduction and Welcome Professor Julie Parkes, Associate Dean for Public Health Workforce Transformation, Health Education England, Wessex and Thames Valley</p> <p>Keynote Speakers:</p> <p>09:15 Dr Jessica Allen, Deputy Director, The Institute of Health Equity Team. St. Mary's Stadium

Suite Locations

- Third Floor
- Second Floor
- First Floor
- Ground Floor

Getting to the venue

Please note that car parking is on a first come first served basis. We encourage all delegates to walk, cycle or use public transport where possible. Please network with colleagues to arrange car share opportunities.

Arriving at St Mary's Stadium from City Centre

From the city centre, the easiest way to access St Mary's Stadium is on foot. The stadium is a mile east of the city centre and around a 15-minute walk from the High Street. From Southampton Central, the walk is half an hour walking in mostly a straight line from the station.

Arriving at St Mary's Stadium by Public Transport

National Rail

Southampton Central Station [SOU]

The station is located at Blechynden Terrace, Southampton SO15 1AL; 30 mins' walk from the ground. It offers the following services:

- South West Trains services to London Waterloo, Weymouth, Poole, Portsmouth and Salisbury
- Southern services to Brighton and London Victoria
- First Great Western services to Portsmouth, Cardiff, and Brighton
- CrossCountry services to Bournemouth, Manchester Piccadilly and Newcastle

Directions to ground: Head left out of the station. Follow the road up the hill, continuing straight, past the KFC on your left. Look out for the short cut on Northam Road just as you pass across the railway bridge. The pedestrian walkway crosses the railway and brings you out at the corner of the Northam Stand.

Bus

Routes 8A, 18 and 11 all pass the stadium

Arriving at St Mary's Stadium by Car

Postcode to venue: SO14 5FP

The stadium is served by the following main roads:

- **From North:** From the M3 onto The Avenue (A33.) Follows signs to the stadium.
- **From East:** Exit the M27 at Junction 8 and join the A3024 towards Southampton.
- **From West:** From M3 follow signs for M27 West. Exit the M27 at Junction 3 and join the M271 towards Southampton.

From City Centre

The city centre is located roughly two miles west of the stadium. The A3024 and St. Andrews Road runs from the centre of the town, around the northern side of the stadium and onto Britannia Road.

Stadium Area

The stadium is approached from Britannia Road and Belvidere Road from the north, Marine Parade from the south, and St Andrews road from the west. The River Itchen lines the eastern side of the stadium; meaning access from the east requires crossing the A3205 Itchen Bridge and heading north back towards the stadium.

Car Parks

There is a car park at St Mary's Stadium, which operates on a first come first served basis; we have 114 spaces available for event parking. A member of security will be present to assist with arrival and exit.

Local Car Parks

Subject to the stadium car park being full we would suggest investigating the following options;

Ocean Village

Ocean Way, Southampton, SO14 3TJ. This is approximately a 7-15 minute walk from the stadium. There will be a parking fee at this venue.

Industrial Estates

Directly opposite the Stadium is a variety of industrial estates and local roads. Subject to availability you are able to park in these areas. There is no parking fee in these venues.

College Street

There is a large car park on College Street in Southampton which is adjacent to Terminus Terrace. This is approximately a 15-20 minute walk from the stadium. There will be a parking fee at this venue.

Entry to St Mary's Stadium

The stadium Main Reception is directly behind The Ted Bates Statue at the front of the venue. Unless you are advised by an Event Planner otherwise this will be your main entry point. Upon arrival you will be greeted by a receptionist or member of security who will assist you further.

Suite Information
