### Olivia

#### **Projects:**

1. I worked with HEE, RCGP and Fourteen Fish to launch the new Combined Training Programme. I conducted a pilot to test the new application and collected feedback to inform improvements. I worked with RCGP to produce website content, step-by-step 'how to' guides for trainees applying for Combined Training and met with Deanery leads across England to introduce and troubleshoot the new application process.
2. I am working with the ARCP Associate Dean to develop reference guides for ARCP panels, to streamline panel processes and support fair, consistent, transparent outcome decision-making at ARCP panels.

#### **National Conference Presentations:**

- Developing a new combined training pathway in General Practice. Jagger O, Rial J. Poster Presentation. October 2021. Royal College of General Practitioners (RCGP) Annual Conference, Liverpool, UK.
- Implementing a new Combined Training pathway for trainees in General Practice. Jagger O, Rial J. Poster Presentation. December 2021. DEMEC (Developing Excellence in Medical Education) Manchester, UK
- Developing practical resources to support fair, consistent, transparent outcome decision-making at ARCP panels. Jagger O, McGee J. *Abstract submitted to The RCGP Annual Conference in conjunction with WONCA Europe June 2022 - outcome awaited*

#### **Prizes:**

- Awarded ‘Highly Commended’ for our poster presentation at the RCGP National Conference 2021

**Publications:**

- The new Combined Training scheme an alternative route to qualifying as a GP. Jagger O, Rial J. *InnovAiT Journal. Article accepted awaiting publication*

**Study Leave Budget:**
