

AHP Support Worker Resources

Frimley Health ICS: AHP Faculty

The HEE SE AHP team and SE AHP Faculties have co-produced online resources designed to develop our staff both professionally and personally.

AHP Support worker training resource: Aligning with the national framework, contains a wealth of training opportunities and options available tailored to your ICS.

AHP Apprenticeship resource: Provides information on all AHP professions for both those who want to support apprentices in their teams and departments. As well as those who want to complete an apprenticeship from Levels 2-7.

How to use: Click on the above images to open online resources or scan the QR code using your mobile device
